Value Chain Internship

Communication and Information Sciences, Engineering and/or Technology, Mathematics and/or Informatics, Environmental or Related Science Field

General information

Duration:

From 2 up to 6 months

Commitment:

Full-Time

Description:

The Irish Bioeconomy Foundation - *Growing the Irish Bioeconomy together* - is Ireland national bioeconomy association and innovation cluster.

The IBF analyses the production processes of other companies through the creation of value chains and promotes mutually beneficial relationships between those with overlapping chains. We also highlight new opportunities in the area of technology development.

We are looking for a talented student who will join our - *IBFuture Talents Programme* - in the role of Value Chain Consultant Intern to carry out the daily tasks of supporting and improving the development of the IBF and achieving its goals.

Tasks will include:

- Research of member companies and analysis of production processes.
- Identification of new opportunities for members.
- Analysis of new technologies and possible application to members.
- Communicating with potential members.
- Updating BioMap regularly: database of bioeconomy relevant companies.

Necessary qualifications:

- Very good knowledge of English / minimum level B2.
- Good knowledge of Environmental processes and considerations.
- High degree of computer competency.

What we can offer:

- Improved fluency in business language and practises.
- Improved IT proficiency.
- Improved project management competences, including AGILE thinking.
- Improved reliability and ability to work autonomously on deadline, progressively more empowered basis
- Greatly improved knowledge of the bioeconomy, natural resources valorisation.
- Improved understanding of innovation theory and innovation ecosystem development within capital intensive and environmentally sustainable projects.
- Improved knowledge of the types of companies present in Ireland and the opportunities available to them.
- Experience in forming connections between other stakeholders.

Compensation:

No financial compensation

Years of Experience required:

Not necessary

Period:

Flex
